

TNMP High-Performance Homes Insider

In this issue:

- Program Launch
- 2023 Program Milestones
- Upcoming Events
- Texas Energy Efficiency Learning Center
- Find A Homebuilder Tool
- Meet the Program Team

On behalf of the TNMP High-Performance Program team, we want to welcome you to the 2023 Program year!

Our program ended 2022 on a high note, so let's keep the momentum going! What better time to join our program and earn incentives for building energy-efficient homes! We are always looking for builders to participate in our program and to be challenged to build better homes for their customers.

As always, we are here to help so please reach out to ICF Program Staff with any questions.

Thank you for your continued partnership!

Best,

Morgan Nielsen
Energy Efficiency Program Manager
Texas-New Mexico Power
morgan.nielsen@tnmp.com

The 2023 Program is open!

Builder allocations have already been sent out and their respective HERS Rater has also been notified. We are oversubscribed, so if you were expecting a larger allocation than what you received, there is an opportunity to earn it back at a Milestone period.

Here are a few helpful resources:

- Visit Program website, download Program Guide and other Program documents: <https://tnmpefficiency.com/residential.php>
- Program Database: <https://tnmp.p3.enertrek.com/#>
- ESID Lookup: <https://electricityplans.com/texas/esid-lookup/>
- 2023 Kickoff Webinar: [Kickoff Webinar Recording](#)

2023 Program Milestones

Date	Performance Milestone Date Requirements
April 30, 2023	At least 20% of total committed homes/systems must be entered on the Program's online system; Homebuilder must have selected at least one preferred HERS Rater or Contractor to the online system.
June 30, 2023	At least 60% of total committed homes/systems must be entered on the Program's online system and the required documentation for the invoiced homes must be uploaded to the online system.
September 30, 2023	At least 85% of total committed homes/systems must be invoiced on the Program's online system and the required documentation for the invoiced homes must be uploaded to the online system.
November 30, 2023	100% of total committed homes/systems must be invoiced on the Program's online system and the required documentation for the invoiced homes must be uploaded to the online system.

Events

Earth Day

During Earth Week, starting **Monday April 17 through Friday April 21**, ENERGY STAR will be on social media encouraging Americans to be a part of the Clean Energy Future.

Visit TNMP's social media pages and celebrate #EarthDay with us!

Learn more at energystar.gov/EarthDay.

Housing Innovation Summit

Tuesday April 25, 2023

Join the Housing Innovation Alliance and the University of Denver on the DU campus, April 25-27, to explore innovation in action, connect with fellow (and future) leaders shaping our industry and walk away with the tools you need to drive innovation in your business.

BABA Luncheon Developers' Panel

Tuesday May 2, 2023

[Registration Link](#)

Texas Energy Efficiency Learning Center

As a participating contractor, you have free access to the Energy Efficiency Learning Center (EELC).

The EELC is an online distance-learning portal where contractors can login to take trainings on Sales and Marketing, Technical Topics, and Best Practices. Contractors are also able to view recorded webinars, demonstrations, and other program related training materials.

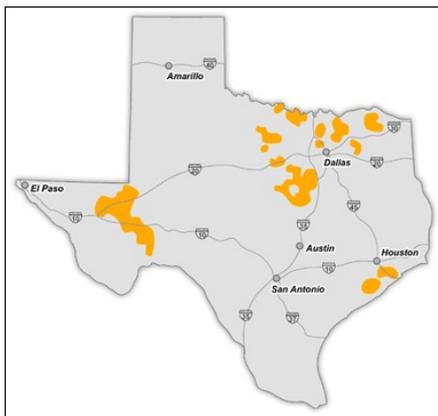

Many courses can also be used to meet Continuing Education Unit (CEU) requirements for common industry certifications, including NATE, RESNET, and BPI. All courses eligible for CEUs have a short exam and require an 80% or higher score to pass. Once you click on Catalog, you can filter courses under the "CEU Accredited" category.

Here are some examples of CEU accredited sales & marketing courses that could be valuable to you:

- Master Marketing
- Master Customer Service
- Customer Personality Types

Click on the link to go to the [EELC](#) register and take an online course today!

Find a Homebuilder

All participating builders are listed along with their websites on the [TNMP Efficiency Website](#), including who is building Energy Star certified homes. Please be sure to send any information updates to ICF Program Staff.

Meet the Program Team

Christine Couch is a Program Manager based out of Houston, TX. She has experience implementing energy efficiency programs at ICF for over 5 years. She enjoys spending time with family, watching movies, biking, and hiking.
